ASSEMBLY INSTRUCTIONS

ANNALISA CHAIR

IMPORTANT: Please read these instructions carefully before attempting to assemble or use this item.

Please keep these instructions safe for future reference

Safety Advice

Please take time to carefully read through the whole of these instructions before you commence assembly of this product. Please follow the instructions in the order set out.

Keep these instructions for future reference.

Unpack, inspect and check off all of the contents.

Please dispose of packaging carefully and safely. Check to ensure no parts are accidentally discarded.

Small component parts could choke a child if swallowed. We strongly recommend that you keep children away from the work area.

It is recommended that you lay a sheet or blanket on the floor where you intend to work. This would help to avoid damage to the product and the surface of the floor. Always assemble on a flat surface/floor.

This product is heavy. Take extreme care when lifting to avoid personal injury or damage to the product.

Assemble the product as close to its intended final position in the room as possible.

It is recommended that this product be assembled by two people.

Do not fully tighten any bolts before all parts are loosely assembled. The product/fittings may be damaged if overtightened. Beware of cross threading screws and bolts during assembly.

General Care

Wipe clean with a soft, damp cloth.

Avoid the use of all household cleaners and abrasives.

When moving your furniture, carefully lift into place.

Never drag or push the product across the floor as this will cause damage to the joints and could result in the failure of the product. This will invalidate your warranty.

Recommendations

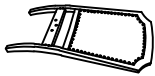

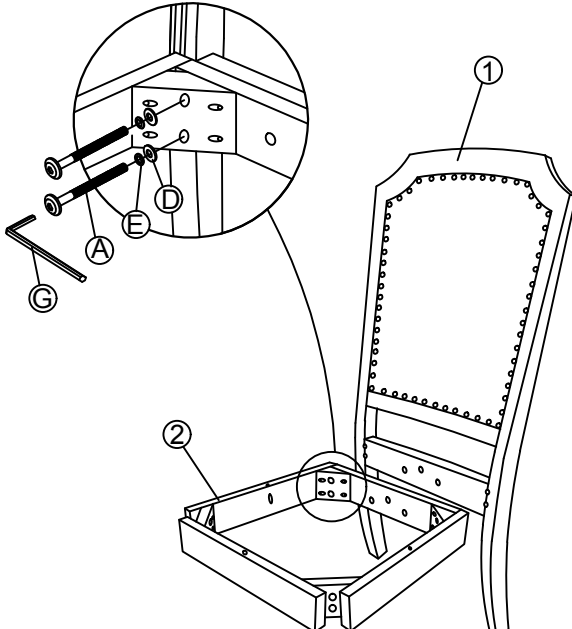

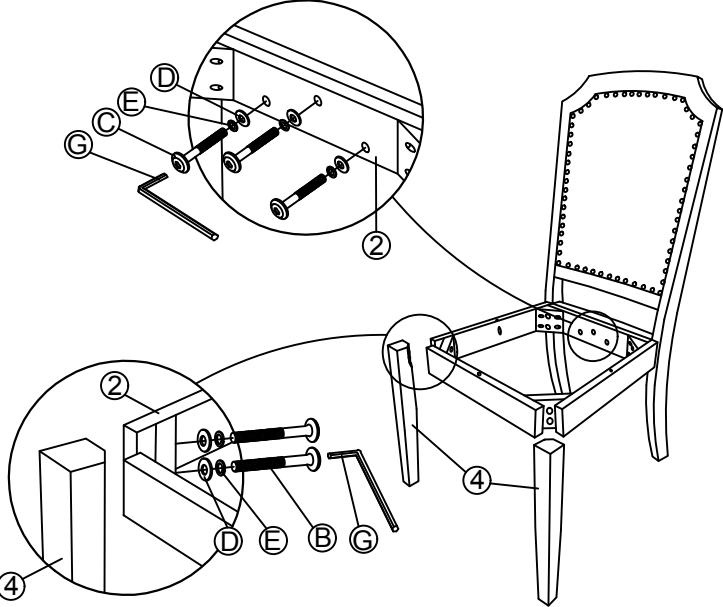

Periodically re-tighten the fixings, maintain and clean the product.

Please check that you have all the parts listed before you start assembling this product. If you find that something is missing stop assembly of this product and contact your supplier immediately.

Warning

This unit is heavy. Please use an assistant when lifting

Do not for any reason use a power tool to assemble this product. It's use will invalidate any claim you make and could make this product unsafe.
